THE HAVERFORD GAME.

Tomorrow, against Haverford, Trinity plays the last football game of the season. This game will be the second contest in football that has ever been played between the two colleges.

Haverford this year has a team that possesses the same characteristics that the Trinity team does. It is very light but fast, and for a small college team has had a remarkably good season, holding Lehigh to a score of 6 to 5 points and defeating Rutgers 28 to 0.

Of the eight games played Haverford has won three. The complete scores are:

Haverford,	0	Dickinson	44
"	5	Lehigh	6
"	12	Ursinus	0
"	0	Cornell	57
"	11	Franklin and	
"	0	Marshall	17
"	5	John Hopkins	22
"	29	Jefferson Med.	
"	—	College	5
"	28	Rutgers	0
Total	90	Total	151

Trinity has won 3 and tied 1 of seven games played. The scores are:

Trinity	11	Rutgers	0
"	0	N. Y. U.	0
"	0	Union	5
"	16	Hamilton	21
"	23	Worcester Tech.	0
"	29	R. I. State	
"	0	College	12
"	0	West Point	34
Total	79	Total	72

The larger and stronger scrub that has been out this week has furnished good practice for the 'varsity and the playing especially on the defence has improved perceptibly. Morgan ex '08 Landefeld and Vinal playing on the scrub back field have been unable to gain any great distance on the 'varsity and have been many times thrown back for a loss.

Xanders has been out of the practice because of an injured leg. Mason will not be able to play any more this season because of a broken collar-bone. Otherwise the team is in as good condition as at any time this season, for the eleven men who started the game at West Point played all through the fifty minutes of play.

The team leaves Hartford to-day and will go to Philadelphia by rail. Then the men will stay over night at the Colonnade and in the morning will go out to Haverford.

Saturday night after the games the men will stay at Haverford and return home Sunday.

UNDERCLASS FOOTBALL GAME.

The annual underclass football game will be played on Tuesday afternoon, November the 28th, at 4.00 o'clock.

L. A. LOCKWOOD '55, LL. D.

Death Occurred Tuesday. A Distinguished Lawyer, And, As Trustee Faithfully Served the College.

Known Throughout the Country As a Free Mason.

Luke Adolphus Lockwood, whose death was announced in Tuesday's Tripod, entered Trinity in 1851, graduating at the head of his class in 1855. Three years later he pronounced the Masters' Oration and received his A. M., the subject of his address being "The Development of a Republic."

In 1883 he was chosen a trustee of the college and has devoted himself for twenty-two years to the work thus laid upon him, serving his Alma Mater with rare fidelity and effectiveness.

His professional training and ability, for he has been a distinguished lawyer, has often been of great value to the college and has been frankly placed at the disposal of the Corporation whenever required.

In 1902 the college gave him the honorary degree of Doctor of Laws. Mr. Lockwood was a very prominent Free Mason and has written many pamphlets and delivered many addresses upon Masonic subjects. Perhaps his best-known work is "Masonic Law and Practice," a volume recognized as an authority in the subjects of which it treats.

His son Luke Vincent Lockwood, LL. B., graduated in 1893.

GLEE CLUB TRIALS.

The candidates for the Glee Club will have their voices tried on Monday afternoon at 94 Vernon street. Tenors will report from 1.30 to 4.30, basses from 4.30 to 6.00. Any one wishing to make a special date for that afternoon will confer with the leader, Mr. Gateson.

Mr. Davis of Middletown, who trained the last year's club for a short time will have supervision of the work this year. There will be three one-hour rehearsals every week.

PRIZE SCHOLARSHIP WON BY LEWIS G. HARRIMAN, '09.

Under arrangements recently concluded between the Board of School Visitors and the College, each Goodwin Prize Scholarship will be coupled with one of the Hadley Scholarships, and one such double scholarship will be awarded yearly to that student from the Hartford Public High School who enters Trinity with the highest record for scholarship in his school course. For this year the scholarship has been awarded to Lewis Gildersleeve Harriman.

Candidates for the 'Varsity Basketball team will report at the gymnasium Monday, November 27, at 4.30 p. m.

WILLIAM WALTER WEBB, D. D.

Elected Bishop-Coadjutor of the Diocese of Wisconsin.

The Rev. William Walter Webb, Trinity '82, of Nashotah, Wis., has been elected Bishop Coadjutor of the Diocese of Wisconsin to succeed Bishop Robinson.

He entered Trinity College in his Junior year from the University of Pennsylvania. He received the degrees of A. M., 1885; B. S., 1892, and D. D., 1898.

REV. W. W. WEBB, D. D.

He attended Berkeley Divinity School, was ordained Deacon in '85 and Priest '86. Since then, after serving in many parishes, he has been Prof. of Dogmatic Theology at Nashotah House, President of Nashotah House, and of the Standing Committee of the Diocese of Milwaukee to the present time. Dr. Webb is the author of an "Index to the Literature of Electrolysis," published by the Smithsonian Institute and translated into French and of various magazine and newspaper articles.

THE JEROME CAMPAIGN.

Mr. Philip McCook, '09 Will Tell His Story Of It.

Monday Morning In Alumni Hall.

The story of the recent Jerome campaign will be told by Mr. Philip McCook '95, next Monday morning in Alumni Hall. The faculty have requested that the lecture be given at 8.45 o'clock, and all first hour recitations will be suspended.

Mr. McCook was very prominent in this notable campaign for Jerome. The fight was carried on by a number of young men who gave themselves with all their powers of body and mind unreservedly to the cause of their inspiring leader. The lecture promises to be an exceedingly interesting and instructive one.

T. J. Syphax, captain of the 1903 football team has played on the Columbia team this year. Duncan Browne, or a short time connected with the class of 1904, has been one of the managers of that team.

The Trinity Tripod

TO ALUMNI.

THE TRIPOD is published for the Alumni even more than for the Undergraduates. With this in mind we are striving to produce a paper which shall be interesting and necessary to Graduates, and also to reach as large a number as possible. We are very largely dependent on the Alumni both for our moral and financial support. If you are not already a subscriber will you kindly give this matter your attention?

"NOW THEN—TRINITY"

EDITORIAL.

We wish to call our subscribers' attention to the only proper means of notifying us of change of address or of entering complaints as to irregularities in receiving the paper. All such notifications and communications should be sent in writing direct to the Business Manager, and either mailed, as in the case of out of town subscribers, or dropped in the Tripod Box, as in the case of under graduates and professors. There is absolutely no other way of insuring proper attention to the matter. A message sent by an out of town subscriber, through a relative or friend in college, and verbally delivered to some member of the Board, who may or may not remember to tell the Business Manager, obviously deserves to be lost or misunderstood. Yet more than one message has come to us in this roundabout manner. Even more strongly, we must urge the subscribers in college to communicate in writing direct to the Business Manager. It is not sufficient to stop a Freshman reporter on the college walk and tell him that last Tuesday's paper did not come. If you want something corrected write your statement and put it in the Box.

In this connection we wish to make it plain that complaints and sugges-

tions are heartily welcomed. If a subscriber in New York is receiving the Friday issue on Tuesday, when he should get it on Saturday, it is a favor to us to notify us of such irregularity. Probably the trouble is with the New York Post office, but, if so, we want the subscribers to know it. Again, if a graduate, connected with the Kalamazoo News, thinks a higher headline would improve the appearance of the paper, we are glad to have him tell us. Very possibly we shall agree with him.

Although the printers' strike is by no means ended, the Tripod is now very little affected by it, (this could not have been said a week ago,) and all irregularities of form and service are now reduced to a minimum. It is the firm principle of the Board to maintain an absolutely first-class paper. All aid offered is surely appreciated.

We are glad to observe that the football practice this last week has taken a big brace. More men have been out, the playing has been faster and harder than we have seen it before this season, and there are only two Varsity men who have not been in the lineup. In fact there is every indication of a strong finish to the season when Trinity meets Haverford tomorrow at Haverford.

The conditions at Haverford are about the same as they are at Trinity. It is a small college of but 146 men and probably encounters the same difficulties in producing a good football team. To-morrow the teams opposed to each other are of about the same weight and have been developed with practically the same facilities. So that the best trained and the team with the most sand should win.

We know nothing of the personnel or training of the Haverford team but judging from the games that have been played Haverford has a good team, and which we shall be very glad to defeat.

NOTICE TO REPORTERS.

Reporters and all men trying for the Tripod Board must read before December 1, rules posted on the Tripod office.

WILL LECTURE AT HARVARD.

Woolsey McAlpine Johnson '08, will deliver six lectures at the Lawrence Scientific School of Harvard University, February, 1906. These lectures will be given before the Department of Mining and Metallurgy and the subject will be "Applications of Physical Chemistry to Metallurgy."

Mr. Johnson made a specialty of Physical Chemistry while here at Trinity and continued his studies in Goettingen, Germany as a Russell Fellow of the college. Upon his return to the United States in 1900, Mr. Johnson finished his thesis at Trinity College, and then for a time followed special studies at Harvard University, spending part of the week at Cambridge and the remainder in the physical laboratory at Trinity, working out some ideas in electrometallurgy. He is becoming well known in the scientific world and is a member of the Engineers' Club and the American Electromechanical Society.

INTERCOLLEGIATE NOTES.

Princeton has decided to uphold the affirmative side of the question* for debate with Harvard at Cambridge on December 15, the question being: "Resolved, that intercollegiate football in America is a detriment rather than a benefit."

The Junior Promenade at Yale will be held on January 23rd.

It seems that certain colleges took offense at not being invited to send representatives to the football conference recently held in the White House. President Roosevelt is quoted as saying: "I was asked to call it by representatives of Harvard, Yale and Princeton and called it accordingly. If Pennsylvania, Columbia and Cornell representatives had happened to make the suggestion, then only those three colleges would have been asked."

The Connecticut Mutual Life Insurance Company,

HARTFORD, CONN.,

Why should I insure my life?

Because it is a debt you owe to those who are dependent upon your earnings for their support.

You admit that it is your duty to supply their needs from day to day, but forget that it is equally your duty to provide an ever ready and sufficient equivalent for your earning power, which your family stands in constant jeopardy to lose by your premature death.

Guard your family against disaster and yourself against dependency in old age.

When should I insure my life?

Now! The cost will never be less, and tomorrow you may not be able to obtain insurance at any price.

Even if others are not now dependent upon you, take time by the forelock and you will be the better able to meet future responsibilities, and at a smaller premium.

Where shall I insure my life?

In a purely Mutual Company.

In a company that earns, declares, and pays annual dividends.

In a company that is doing a conservative business.

Such a Company is The Connecticut Mutual Life Insurance Company of Hartford, Conn. It furnishes perfect protection at lowest cost.

For further information, address the Company, or any of its agents.

'96—Mr. Louis Potter has recently brought from the North several Esquimaux to act as models in his art work. Mr. Potter, after being graduated from college, studied in Paris for three years, returning to New York in 1900. Here he began his work as a sculptor and since then has made many famous pieces. He designed a portrait statue of Andrew Jackson, and a large bas-relief statue of the "Sun Worshippers," which were exhibited at the St. Louis Exposition. Several of his pieces have been exhibited at the Exposition Universelle and the Champs de Mars, at Paris; and he is the sculptor of the portrait bust of the late Rev. Doctor Thomas Ruggles Pynchon. Mr. Potter, for professional work, has been honored by the Bey of Tunis with an appointment of Officier du Nicham Iftikar. His present address is 18 E. 23rd street, New York City.
